industry overview

WHO IS THE AUSTRALIAN ROOFING TILE ASSOCIATION?

The Australian Roofing Tile Association is the roof tile industry's peak organisation, representing the concerns and interests of members across the country, with a particular focus on training (including apprenticeships) and occupational health and safety issues.

ARTA represents more than 90 per cent of the roof tile industry, including all manufacturers of concrete and terracotta roof tiles.

Tiled roofs combine superior durability, colour fastness, strength with a long life. They also help reduce the intrusion of external noises, provide protection against radiant heat in a bushfire, have high levels of thermal insulation, and offer more resistance to wind suction than lightweight sheets.

Those are just some of the reasons why tiled roofs are preferred by more home owners and builders across Australia.

AUSTRALIAN ROOF TILING MARKET

The roof is an integral part of any building, and roof tiling celebrates a skilled trade to execute design.

In 2013, the Roofing Services industry generated a total of \$2.65 billion in revenue with \$875 million value-added services.

award introduction

COMPETITION OVERVIEW

The Robin Dods Roof Tile Excellence Award category rewards innovation and craftsmanship in terracotta roof tiles and recognises the contribution of architects, builders, roof tilers and manufacturers in that process.

This Award category includes commercial and residential built projects that exemplify outstanding craftsmanship and innovation through the use of concrete and terracotta roof tiles.

The Award is named after renowned architect Robin S. Dods, who lived in Brisbane and Sydney in the early 1900s. Robin Dods believed in sustainable design to suit the climate, especially in roofing. His distinctive style of gabled roofs for domestic dwellings, which combined passive solar design while allowing for ventilation and insulation, became prevalent all over Queensland.

Some of his heritage-listed commercial projects that incorporate his distinctive style include the All Saints Memorial Church in Tamrookum and the Maryborough City Hall in Queensland.
